

The Love of God's Word, Produces Knowledge

Last Wednesday night our Bible classes met in the auditorium where we had our Review of 18 of our 49 lessons that we used for our bible classes over the past two quarters. We had approximately 60 questions and geographical locations to find on bible maps. I am excited to say that all questions were answered correctly. This of course comes from taking time to study the word of God and listening during our Bible classes. We should all be very happy with ourselves and our children of the congregation who answered the questions with little or no difficulty.

Studying the bible is not something that we just do casually it needs to become a part of our daily lives. In fact, think about the basic difference in an explorer and a tourist when it comes to the thought of the Bible. The tourist travels quickly, stopping only to observe the highly noticeable or publicized points of interest. The explorer, on the other hand, takes his/her time to search out all that he/she can find.

Too many people read the Bible like a tourist and then will be found complaining that their praise and worship times have become boring. See what we learn is that it is necessary that we take time to explore the bible. Notable nooks and crannies will appear as we get beneath the surface of the great passages of God's word. Think about it, the Bible is so deep that even theologians can never touch the bottom, yet so shallow that babes cannot drown.

It was such a pleasure watching our adults and youth express their knowledge and love for God on Wednesday night. Let each of us always *"be diligent to present yourself approved to God, a worker who does not need to be ashamed, rightly dividing the word of truth"* (2 Timothy 2:15). Great job, continue to Grow in your knowledge of God's Word.
